Paramapujya Sri Swamiji's Upadesha on 3-13-22 @ KSHT Frisco TX

Krishnam vande jagadgurum

Everyone chant shlokas - Brahmarpanam.., Ananyaaschintayanto…..

Today Tataji is very happy. That's why when Tataji is asked to speak, there are no words. I am very happy. Good parayana happened in Hanuman's presence. Hanuman likes Bhagavadgita very much.

Every word spoken by Srikrishna to Arjuna was heard in person by Hanuman. Many sages have also heard it. Bhagavad-Gita is full of devotion, knowledge, renunciation, and self-knowledge. Bhagavad-Gita is for everyone old, young, rulers, warriors - everyone. Everyone gets benefitted from Bhagavadgita. Don't keep it aside. Keep studying it, reading it from time to time and understand and use it in your day-to-day life. Going into depression, quarreling with parents, getting disappointed in the subject of study you chose - all of these should not happen if you understand the meaning of Bhagavadgita. Many big leaders, even those belonging to other religions - Arabs, Jews, Christians, Jains, Islam, and Sikhs, learned the meaning of Bhagavadgita and are very happy.

We are all descendants of Krishna and Arjuna. Why shouldn't we grasp the meaning and be happy? We are the Lord's family members. Promise me that you will daily chant, and learn the meaning of 10 shlokas. Even adults must make this promise. In my personal app Tataji…many of you leave one shloka. You must not forget. You must chant in front of Tataji's photo. I hear them. Vibrations travel to me. Everyone should do the parayana daily. When Tataji comes back in summer for sahasragala (1000 voices) parayana, when you do the parayana, Swamiji will make a fire offering with select few people. All the mantras chanted by you will reach fire-God. Sudarshana, Srikrishna, and Narayana homas will be performed.

This is agnipuja…it's different from parayana. It will be a unique event that probably will happen only once by Tataji. Chant clearly without spelling mistakes according to the meter. Learn Kavachamanjari also. All the kavachas are recorded for you only, Ganesha, Datta, Lalita, Vishnu sahasranama..should be learned. You will never forget Tataji, even if you get any problems in life. The dress code will be conveyed to you. If you sit by color and get up and sit, it will be colorful like the Olympics. You are all-stars. Very nice, very happy. Jayagurudatta srigurudatta.

Chant dattstava in conclusion. All must also learn dattastava.

All of you also join the Sundara Kanda parayana class. Adults can also join. It will be great if you can memorize. Classes will start soon by Ravi boggaram. All must do sundarakanda parayana.

It's like protection. However many problems you have in life, Sundara Kanda will provide protection.
